# IF YOU HAVE A FIRM FOUNDATION YOU CAN REALISE EVEN THE MOST AMBITIOUS IDEAS

Dear customers

"There is nothing permanent except change." At GROHE we live by this old adage. For us, the urge for improvement and the rigorous development of innovation is a solidly established and resolutely pursued company principle. Since our foundation in 1936 we've invested tirelessly in new ideas, new technologies and surprising new solutions – always with our GROHE values and our customers' needs firmly in view. We can't help always being a little bit different. And in dynamic times this is our guarantee of enduring market leadership.

Our core competence is producing high-quality faucets with design aspirations to match. We have now broadened our aim and put together integrated bathroom solutions for our customers. These are a fusion of our decades of experience in the sanitary sector with outstanding Japanese expertise in ceramic production to create six stylishly co-ordinated bathroom ranges.

Read this brochure and find out more about GROHE's debut as a supplier of exclusive bathrooms. Despite many new aspects, our GROHE company values of "enduring quality", "leading technology", "outstanding design" and "environmental responsibility of the highest order" are the key principles guiding our thoughts and deeds.

Enjoy this new evolution of our traditional strengths – unmistakably imprinted with the GROHE DNA – as we write an impressive new chapter in our success story.

On to new shores – for even greater delight in water.

Yours, Michael Rauterkus
Chief Executive Officer

# MASTERS OF TECHNOLOGY
## SINCE 1873*

For 140 years, the Masters of Technology's trailblazing innovations and exceptional quality have injected new impetus into the industry. Here we introduce some of the company's current employees who keep the same ideals alive today.

Over a hundred years before creative gusto and visions of technical advances inspired the likes of Steve Jobs and Bill Gates to establish start-ups in their parents' garages, the German innovator Carl Nestler had already taken a similar path. A true pioneer, Nestler obtained a lathe – no easy feat in 1873 when an entrepreneurial boom had created a shortage of the machines. He set up a small foundry with a kiln and smelting furnace in the cellar of his parent's home in Lahr and started producing faucets and fittings.

He soon earned a reputation in the region as faucet-maker Nestler. Over the years, the Carl Nestler company became one of the industry's most active powerhouses. It was above all instrumental in developing advances in thermostat technology – which was still in its infancy. The production of the Lahr ½-inch "people's thermostat" was just one such milestone.

* Founding year of Carl Nestler, since 1956 part of GROHE. More on www.grohe.com

**THEOCHARIS LIOLIS**

Master of Technology, has produced unbeatably hardwearing faucet surfaces with GROHE StarLight®.

Over time, Nestler's innovative legacy found its natural home in the GROHE Group, as did the bright ideas and inventions of other industry pioneers such as H. D. Eichelberg (established in 1817) Deutsche Armaturenfabrik Leipzig (established in 1910) and Armaturenwerke Lang & Co. (established in 1897). Eichelberg's forward-looking breakthroughs in metalworking were even showcased in a "brassware gallery" at the first World's Fair in London in 1951. And while Deutsche Armaturenfabrik Leipzig was driving forward developments in flushing toilets, Armaturenwerke Lang & Co. was one of the first to industrially produce faucets. From 1936, Friedrich Grohe forged ahead with the technology in kitchens and bathrooms across the globe under his family name. The company's own innovations and enhancements of the sanitaryware pioneers' ideas led to new products. There was Eurolines – the all-time, best-selling faucet range – plus the Grohmasters thermostatic shower mixer and the tried-and-trusted, water-saving Rapid Pro flushing system which, when paired with GROHE Whisper® technology, makes for even quieter convenience. Electronically controlled GROHE faucets, tagged with the word "digital", are also part of this long tradition.

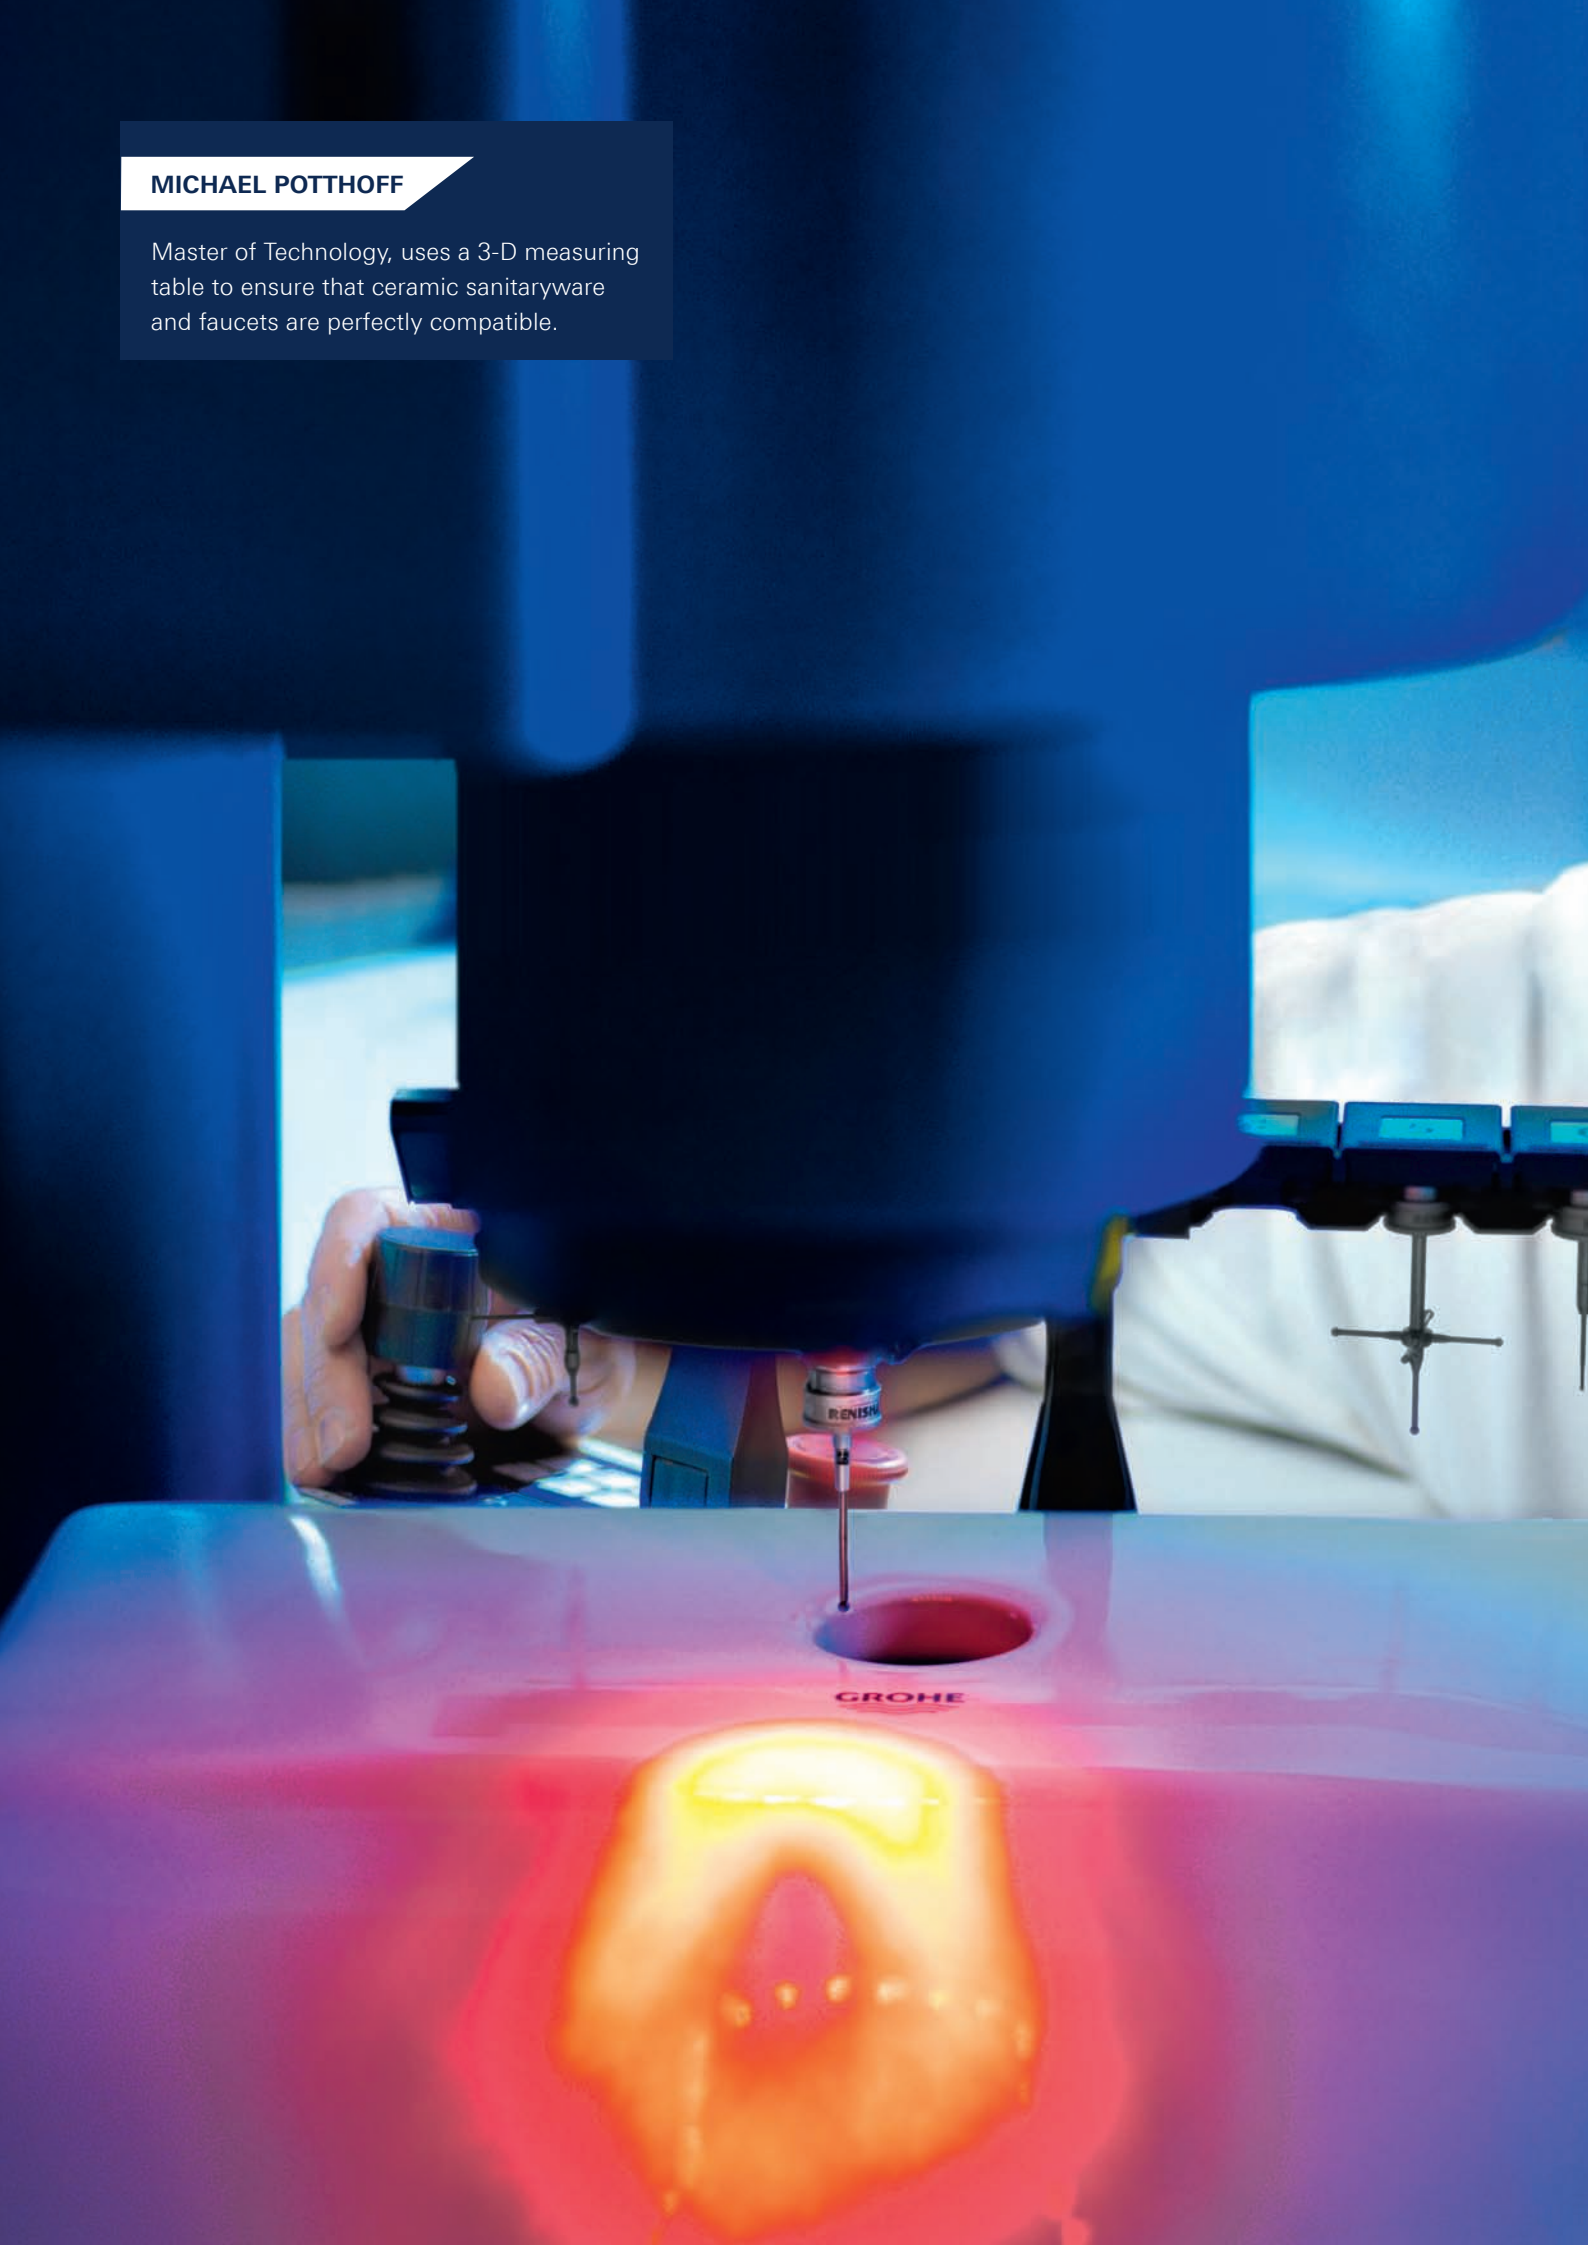

**RUURD V. LEEUWEN**

Master of Technology, measures how long GROHE CoolTouch® keeps the faucet surface cool despite the flow of hot water.

**JEANNINE FISCHER**

Master of Technology, uses a force meter to determine how little pressure is needed to operate a lever fitted with GROHE SilkMove® technology.

**MICHAEL POTTHOFF**

Master of Technology, uses a 3-D measuring table to ensure that ceramic sanitaryware and faucets are perfectly compatible.

To this day, the spirit of Friedrich Grohe, Carl Nestler and the other Masters of Technology is still a motivating force shaping the work ethic of employees at our plants in Hemer, Lahr and Porta Westfalica as well as factories in Portugal and Thailand. In this feature, five of them have their say on behalf of the entire workforce, telling us what GROHE Masters of Technology means to them personally.

# GROHE BESTMATCH

**Choice made simple.** At GROHE our Masters of Technology and team of designers are tireless in their endeavours to expand our range, meaning that GROHE's selection of designs, materials, sizes and technical features is almost infinite. The result can be a difficult question: how to be certain that your preferred product matches and works perfectly with your chosen sanitaryware? Now there is an instant answer. The GROHE BestMatch online tool, which you can use as a website or app, instantly provides you with all the information you need to match ceramics and faucet by design, comfort and waterflow. Quick as a flash it finds the best faucet and washbasin option from more than 3.500 combinations tested in the GROHE laboratory – in other words, the best match.

**About Good and Perfect Interaction.** Do you not only want a combination of washbasin and fitting, but also a perfectly matched complete bath solution? No problem: In addition to the test criteria of 'design,' 'comfort' and 'water flow', the new criterion 'completeness' considers the complete GROHE product portfolio, which was matched to fit 100% by the GROHE in-house design team. Only those combinations which have achieved three stars in the category 'completeness' may be designated a PerfectMatch. Whether washbasin, fitting, shower solution or accessory, everything here is a perfect match. From now on, it will be particularly easy to find a complete bathroom solution thanks to GROHE PerfectMatch. Harmony between technology, appearance and style are guaranteed.

# GROHE COMPLETE BATHROOM SOLUTIONS

**Inspired by your desires. Greater than the sum of its parts.** To make it even easier for you to transform your unique idea of a dream bathroom into reality, GROHE now offers you complete bathroom solutions. Our high quality collections, created under the special direction of GROHE Chief Designer Paul Flowers, eloquently demonstrate our design expertise. Enjoy the creative and harmonious interaction of elegant GROHE fittings and matching GROHE ceramics. The GROHE programme PerfectMatch is guaranteed to lead you to a perfectly aligned combination of fittings, ceramics, integrated technology and design. We offer everything from a single source to ensure total design consistency.

We have assembled six different bathroom collections, developed for you with passion, devotion and foresight. The styles range from classical elegance to simple minimalism: softly purist, harmoniously sensual and timelessly practical. Furthermore, all of our bathrooms offer an incredibly wide range of technical features, sizes, materials, colours and details.

Let the six different looks in the GROHE Collections be your inspiration before deciding, at your leisure, which of them is perfectly tailored to you.

# EUROCUBE BATHROOM MAKE A CLEAR STATEMENT

**Straightforward, attractive and always focused on the essential.** Cosmopolitan life in the teeming city becomes a bit more manageable if you are surrounded by straight lines. The overarching concept of GROHE Eurocube evokes the dynamic lifestyle of busy people and celebrates the dramatic beauty of the cube. Enjoy a bit of clarity.

**Pure metropolitan design.** No ifs, no buts, no deviations. Eurocube bath architecture has that clear sense of rigour that comes with innovative technology, exemplified by the GROHE StarLight® chrome finish.

**Modern rationality.** The sharply cut square blends visually with the flat surfaces of the elegant double washbasin and the luxurious wall-mounted WC for a harmonious effect.

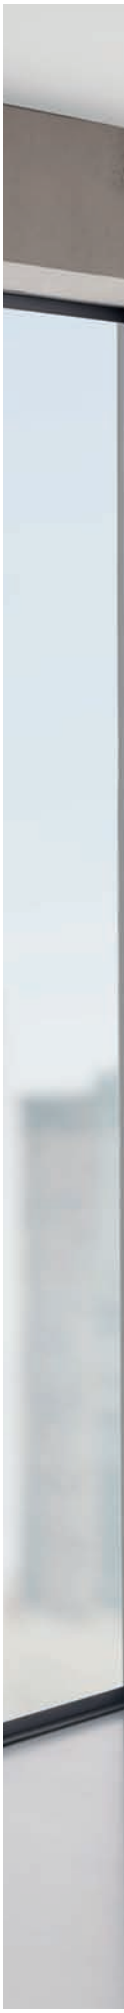

Eurocube's angular looks conceal something silky soft:
GROHE SilkMove® technology for easy handling.

**Clear profile.** The minimalist 4-hole tub and bold, artistic design combine to form a greater whole.

The modern Eurocube Shower combination with Rainshower® echoes the angular styling.

**Innovative design, strictly applied.** This range's cubic forms are reflected in all fittings, complementing the whole bathroom to the smallest detail. The geometric washbasin faucet employs straight lines and delivers a perfect stream of water thanks to the slightly chamfered spout.

For product information and technical details please see page 182 and following.

A striking style element, the square cut-out detail on the lever handle softens the angularity and lends a unique look.

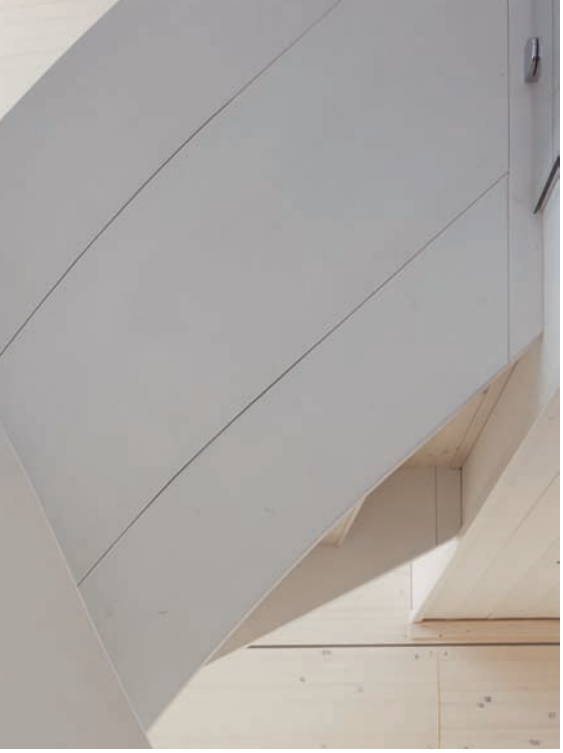

# ESSENCE BATHROOM
# UNDERSTATED ELEGANCE

**Classic lifestyle, gently interpreted.** For people who are attracted by clear, visually pleasing designs, GROHE Essence brings aesthetics without pretension. Complete bathrooms in this range use balanced, modern styling and create space for inventive furnishing ideas and innovative technologies.

**Oasis of wellbeing.** The minimal design of the Essence Collection employs modern technology but is still a feast for the eye. No collection has ever featured so many leading GROHE innovations, including GROHE AquaGuide and GROHE SilkMove®.

**Luxurious shower:** The wall-integrated shower solution with Rainshower® head spray and Euphoria stick hand spray adds a luxury touch to your daily shower experience. The design corresponds to the graceful understatement of the Essence range perfectly.

**Perfectly sensual.** Time and again, Essence uses the cylindrical form in exciting ways. An artful play of shapes recurs throughout the range, from luxurious showers to architecturally shaped washbasins and radiant fittings which are available in sizes S to XL.

**Simply beautiful.** This elegant freestanding bath is the embodiment of modern luxury. On its own, it is a dramatic centrepiece. The elegant matching floor-mounted bath faucet harmonises perfectly with the distinctive Essence design. Beautiful innovations include GROHE StarLight® for a chrome finish with long-lasting shine.

For product information and technical details please see page 188 and following.

The fine curved lines run through all mixer models
and ceramic designs like a subtle thread.

# EUROCOSMO BATHROOM DESIGN THAT GIVES PLEASURE

**Out of the ordinary.** Take it easy for the whole day – just switch off your mind and let inspiration into your everyday life. Eurocosmo bathrooms were created for connoisseurs of pleasure, who love unique things and appreciate creative details. This collection is so special that it won us the Red Dot Design Award.

**The purest pleasure.** Eurodisc Joy returns vitality, dynamics and creativity to your bathroom and infuses it with a reviving lightness. Designer features in the range are reflected in the many small details in the fittings and ceramics to create a vision which will bring pure enjoyment each and every day.

**For high standards in comfort and design.** The graceful joystick lever is the exceptional feature in this bathroom range. It is available in Moon White and chrome finishes, among others, and comes as a wall-mounted product or in many other variations.

For product information and technical details please see page 194 and following.

Whether hand or head shower or complete shower solution,
with Power&Soul® and Rainshower® every option is covered.

# EUROSTYLE BATHROOM
# THE ART OF INTUITION

**Pure emotion.** Emotions – not just reason and analysis – guide actions. Allow yourself to drift, but maintain control. Organic shapes that beautifully caress the senses will help you reach this goal. The Eurostyle line was developed for intuitive, environmentally conscious people.

**In the flow of life.** Flowing, nature-inspired Eurostyle surfaces in your bathroom will invoke an atmosphere of wellbeing. Enjoy the balanced design and the perfect interaction of fittings and ceramics, and anticipate a relaxed time-out from everyday life.

**Purism's softer side.** The soft lines of these ceramics complement the dynamic curves of the chrome elements. Velvet-smooth operation is provided by the proven GROHE innovation GROHE SilkMove®.

Eurostyle is available in three different surfaces and numerous product variations. The washbasin faucet is available in five different sizes.

The sensually soft shapes of the fittings radiate a natural beauty. A special highlight is the softly curved lever, sculptural as a piece of art. Enjoy the dynamic design of Eurostyle.

For product information and technical details please see page 200 and following.

So that you'll derive pleasure from this beautiful shower design for many years to come, GROHE StarLight® provides a flawless chrome surface.

# EUROSMART BATHROOM IN TUNE WITH MY LIFESTYLE

**Design that flows.** A great bathroom design adapts naturally to real life – without losing its character. We have created this new, completely revised range for people who want to effortlessly match price and performance with design.

S.A.98

ROSE BUD

**Excitingly adaptable.** Eurosmart leaves nothing to chance with its wide assortment of ceramics and chrome elements, ranging from softly shaped lavatories to stylish bath fixtures. The numerous technical features of the range enhance its quality.

**Timeless and long lasting.** Eurosmart combines GROHE quality with sustained luxury, resulting in an excellent product which is continually evolving. The newly developed cartridge technology gives the faucet an even more beautiful shape.

# GROHE THERMOSTATS

**Precision control for a relaxed showering experience.**
As our gauge when constructing GROHE thermostats we used the most sensitive thermometer around – your skin. The revolutionary thermostats in our Grohtherm range ensure that hot and cold water will touch your skin in exactly the proportions you desire. GROHE TurboStat® is a revolutionary technical feature – it provides the correct shower temperature in seconds and keeps it constant. The many elegant design features in these miniature technological marvels are wonderfully innovative.

# COMFORT, SAFETY, SAVINGS

We've all been there before. You've just stepped into the shower when someone else in the house either turns on a faucet or flushes the toilet; suddenly the temperature of your shower plummets or becomes scalding hot – leaving you with soap in your eyes as you try to manually adjust the temperature back to a comfortable level. Install a GROHE thermostat and you can be sure of a safe and enjoyable showering experience every time.

**What's inside?** Thermostatic valves work by constantly mixing hot and cold water to a pre-selected temperature. Even if there is a change in the water supply, the thermostat reacts by rebalancing the quantities of hot and cold water to maintain the correct temperature. In the most extreme cases, i.e. should the cold water supply fail, the hot water shuts off automatically in a fraction of a second to prevent scalding.

**Style choices.** GROHE offers concealed and exposed thermostats. With concealed models, the body of the mixer is installed behind the wall. With exposed thermostats, the mixer is mounted on the wall and all the pipe work is behind the wall.

**User-friendly features.** Our thermostats also feature a SafeStop button, to prevent children from turning up the temperature and scalding themselves, and an EcoButton to reduce water usage by up to 50%. Our EasyLogic controls are intuitive to use and cater to the entire family, whatever their height, while the AquaDimmer allows you to turn the water on and off, adjust the flow rate and divert between two water outlets, e.g. hand shower and bath spout.

**GROHE thermostats based on winning technology.** LGA QualiTest GmbH, a subsidiary of TÜV Rheinland, carried out a major product test in 2006 comparing several thermostats from leading European manufacturers. Our Grohtherm thermostats came out on top, receiving Number One ranking, thanks to their GROHE TurboStat® and GROHE CoolTouch® technologies.
These results have strengthened us in our mission to continuously develop innovative technologies, as our aim is to offer you the best possible technology, always.

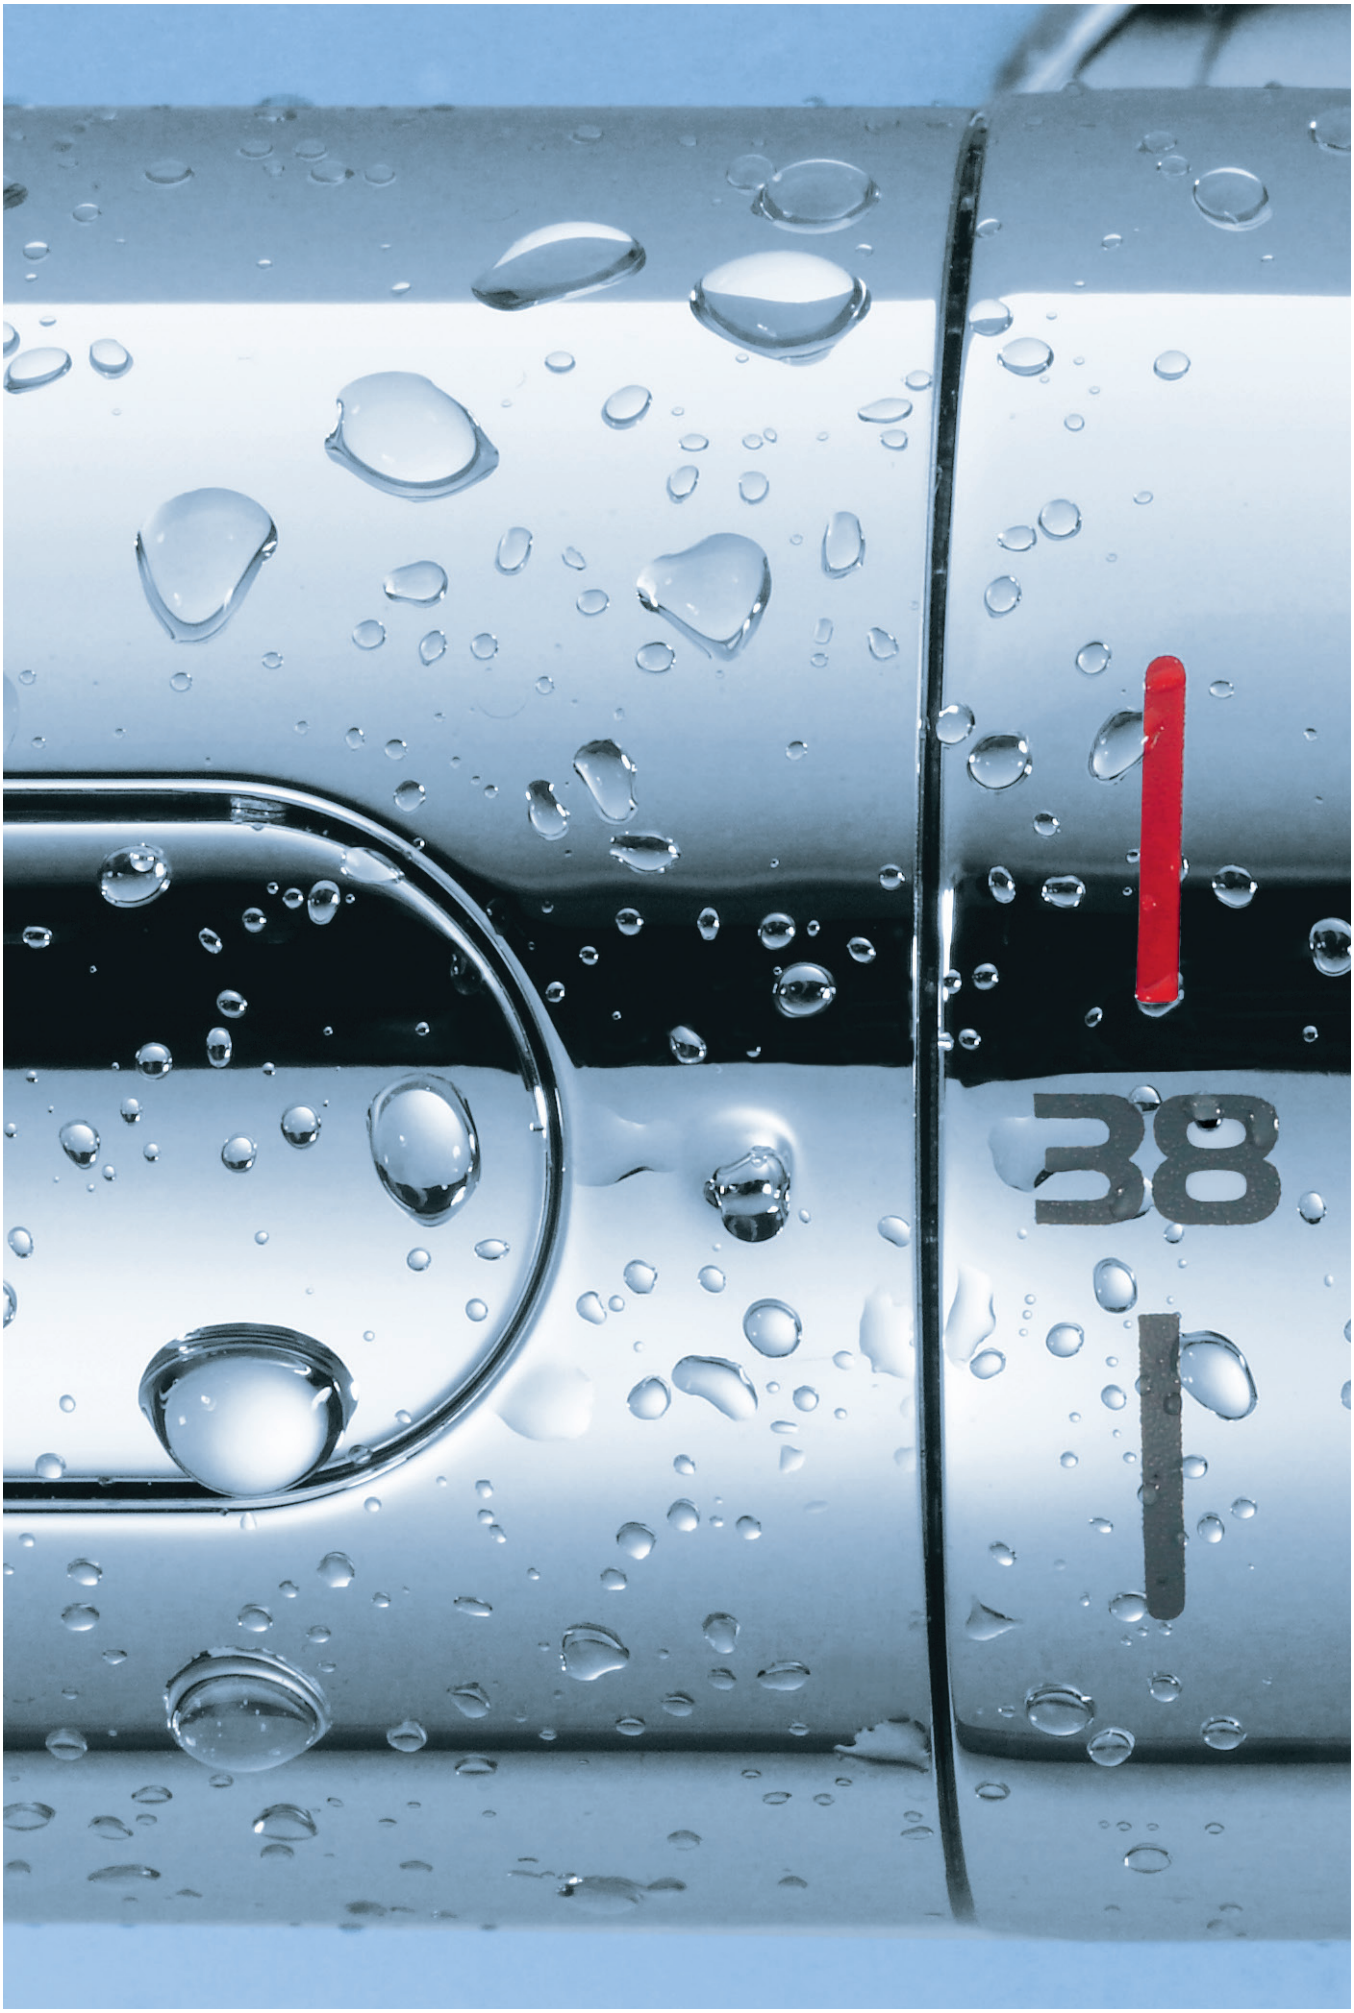

**GROHE's quick guide to thermostat technology.**

**What is a thermostat?**
A thermostat maintains an exact water temperature of your choice, independent of water use elswhere at home.

**How does it work?**
The thermostatic mixer valve mixes the hot and cold water and reacts instantly to any changes in the supplies, ensuring the temperature is maintained within one degree deviation.

**What are the benefits?**
The pre-set temperature is reached within a fraction of a second and remains constant so there's no risk of scalding.

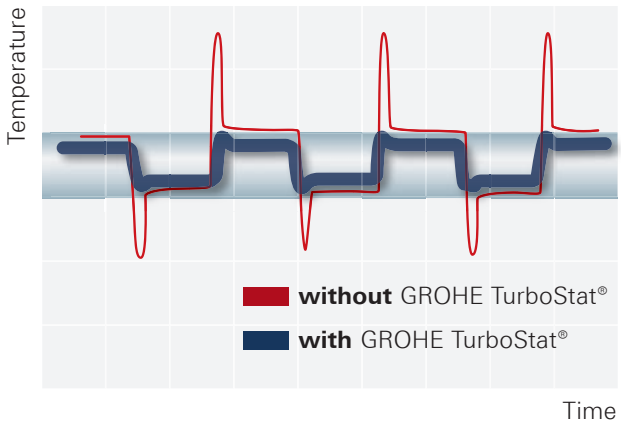

**Are there different types available?**
Yes, GROHE offers many different models to suit every style of bathroom.

38

# GROHE TURBOSTAT®

**Always the right temperature, for ultimate convenience and safety.** GROHE TurboStat® technology lies at the heart of our new thermostat.
The thermo-element's unrivaled sensitivity means it delivers water at the desired temperature within a fraction of a second – and keeps it constant for the duration of your shower. No more time and water wasted getting the temperature right. And if the cold water supply fails, it reacts instantly: hot water will shut off automatically to avoid the risk of scalding.

Compensating precisely for fluctuations in temperature and pressure results in a consistent and comfortable shower throughout.

# GROHE COOLTOUCH®

**Safety first with 100% GROHE CoolTouch®.** GROHE's CoolTouch® technology ensures that the entire outer surface never exceeds your preferred shower temperature. By designing our thermostats to include an innovative cooling channel, we have created a barrier between the hot water and the chrome surface - so it's never too hot to handle. This safety measure is especially useful for children, who can not always judge whether something they touch is dangerously hot.

The new and improved Rain Spray with larger and softer droplets for a more luxurious showering experience.*

**SmartRain Spray**
All the features and benefits of our authentic Rain Spray but with a reduced flow. A smart pattern that uses less water to deliver full showering enjoyment.

**GROHE Rain $O^2$ Spray**
A soft, smooth spray based on our original Rain Spray. Water drops are infused with air for a wide and fuller spray.

**GROHE Bokoma Spray**
Eight dynamic spray nozzles create a 'breathing' effect, recreating the tension-relieving sensation of a fingertip massage.

**Pure Spray**
The name says it all. A soft stream of pure water delivered from the centre of the shower head – reminiscent of a fresh, mountain spring.

**Jet Spray**
A focussed circular spray, which delivers a refreshing burst of water. Ideal for stimulating the skin or simply cleaning the bathtub or shower.

**Massage Spray**
A pulsating spray pattern for a stimulating massage. Gives a unique and invigorating all-over massage.

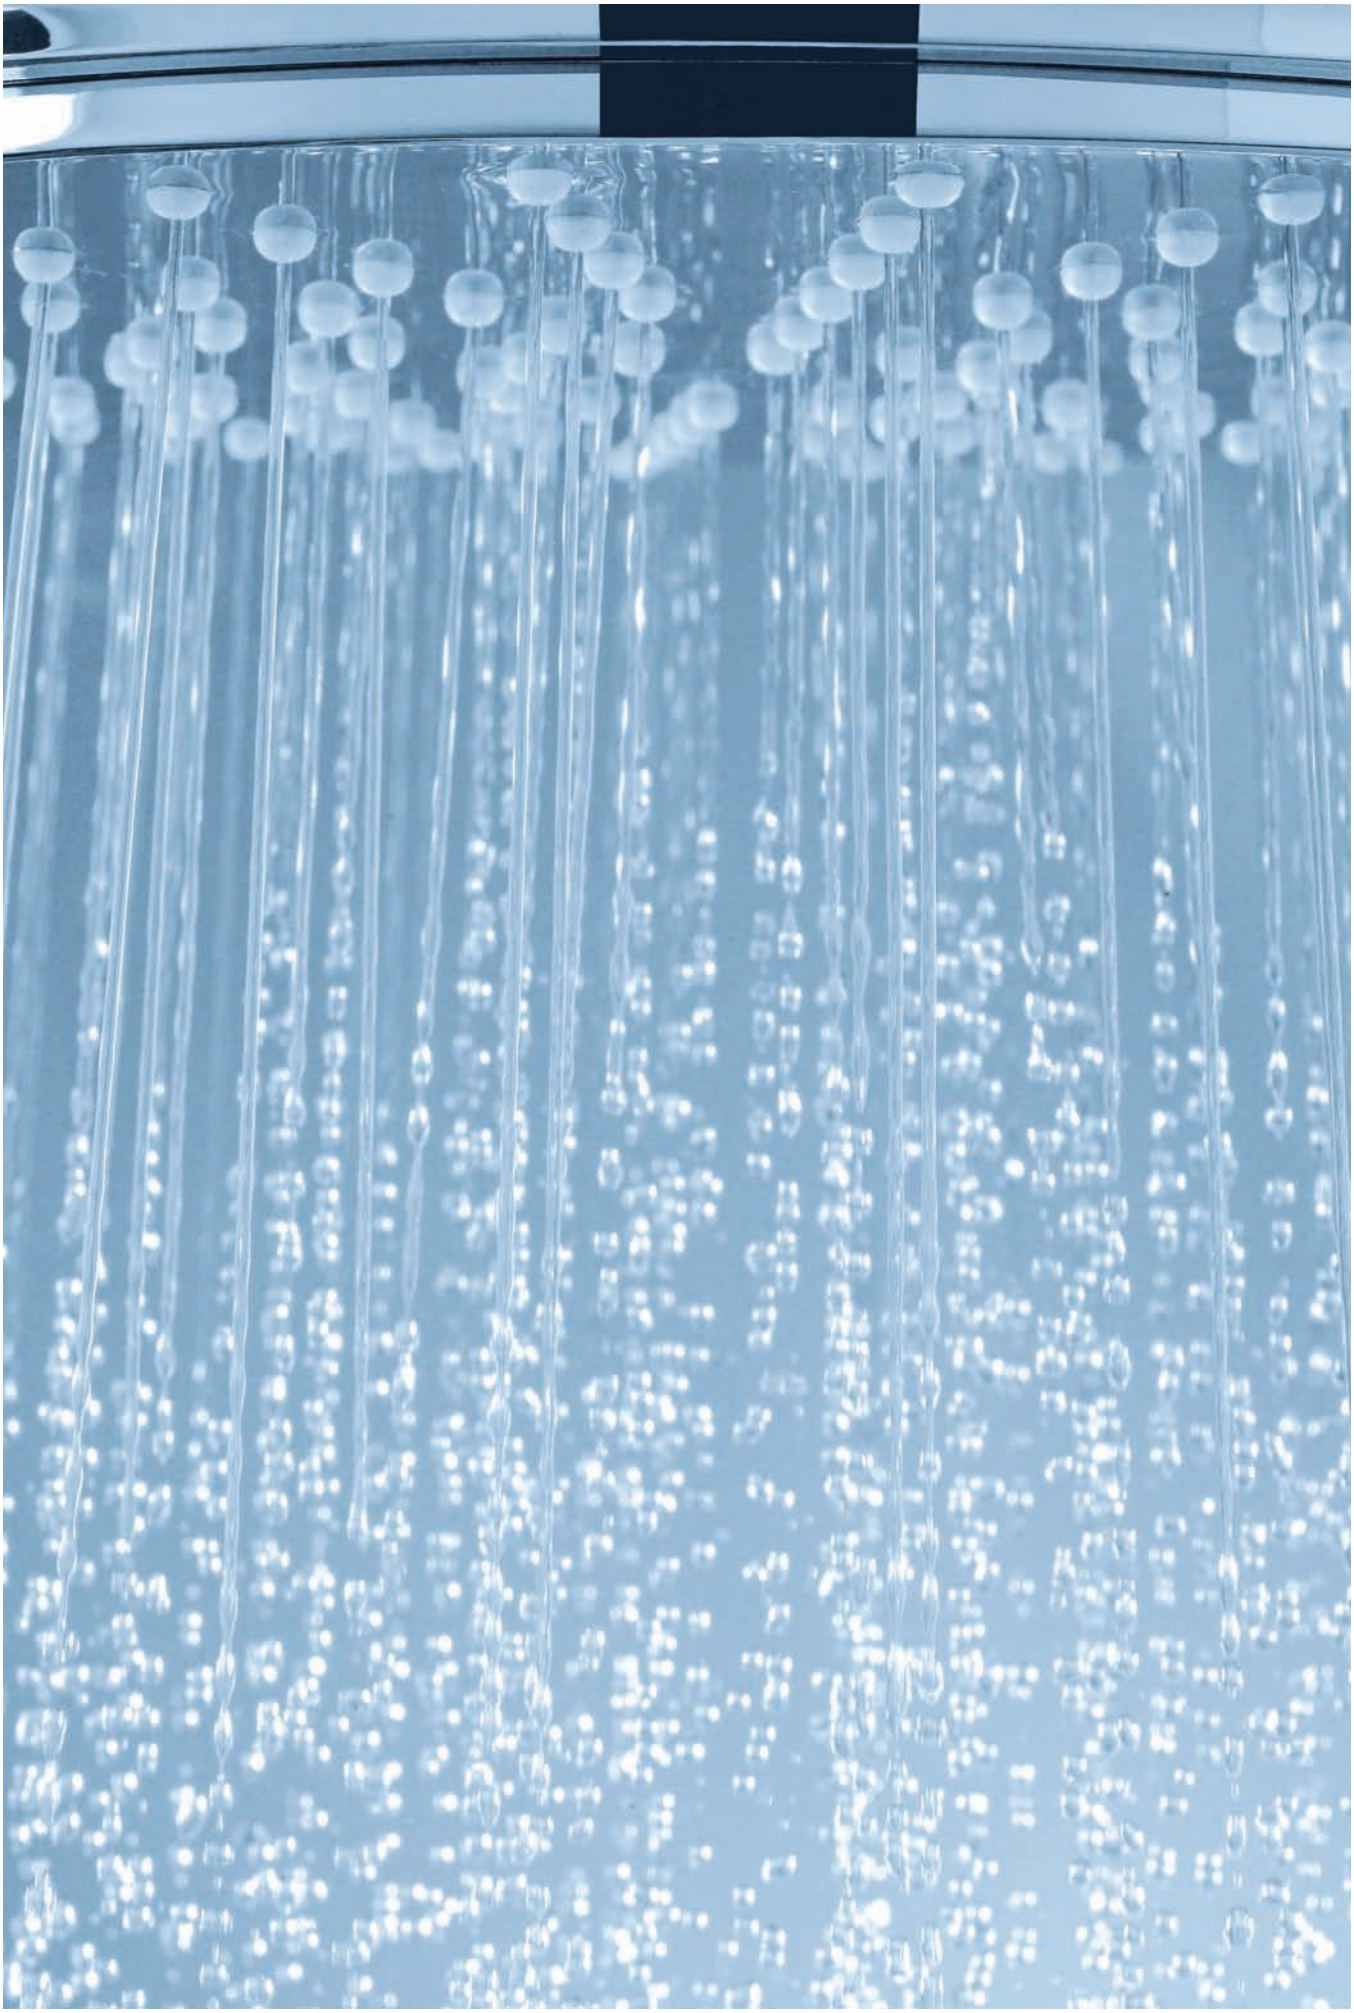

**Champagne Spray**
Enriched with air for bigger and softer water droplets. More air means that less water is required when using this fulfilling and gentle spray pattern.

**Deluxe Champagne Spray**
An extra-rich spray bursting with soft water droplets.

* Available on all Rainshower® metal head showers including Euphoria XXL and Rainshower® systems with metal head showers.

# GROHE DREAMSPRAY®

**Innovative quality showers for luxurious revitalisation and wellbeing.** GROHE's DreamSpray® technology is at the heart of every GROHE shower. Boasting the absolute finest quality, it incorporates innovation that helps you to enjoy an unparalleled showering experience.

The advanced shower engines inside the shower heads deliver the utmost precision and consistent water distribution to each individual nozzle. Whatever spray pattern you choose, for whatever your mood, you will be assured of sheer joy under the shower.

Exciting innovations include the new and highly sophisticated GROHE Bokoma Spray: eight flexible nozzles create a 'breathing' effect, imitating a relaxing fingertip massage.

The new and improved GROHE PureRain Spray has 50% larger and softer droplets for a more luxurious showering experience.

GROHE Rain $O^2$ technology infuses water drops with air for a fuller, richer shower spray. But there is more. Some of the latest GROHE showers offer the choice between the classic GROHE Rain Spray and GROHE Rain $O^2$. This allows you to choose between a softer or more active jet at any time for every member of your family.

The One-Click Showering spray selector gives you direct access to your preferred spray pattern. Never again will you have to twist the spray face or click through several patterns to reach the one you want. Just press the corresponding button and enjoy.

With GROHE's DropStop technology, head showers no longer drip after you have left the shower.

Together with our GROHE CoolTouch®, GROHE StarLight® and GROHE EcoJoy technologies, you will have an unsurpassable showering experience.

**GROHE DreamSpray® shower innovations**

GROHE One-Click Showering: direct access to your preferred spray.

Simply choose between GROHE Rain Spray - the classic - or the air-infused GROHE Rain $O^2$ Spray.

Enjoy the feeling of a fingertip massage with the innovative GROHE Bokoma Spray engine.

SpeedClean: a simple wipe of a finger is all you need to remove any limescale. The inner water guide protects against scalding and prolongs the life of the chrome surface.

# GROHE EUPHORIA SYSTEM

**Perfect proportions and consistent geometry.**
The Euphoria System is a combination of modern, contemporary design and functional excellence – uniting GROHE DreamSpray® and GROHE TurboStat® in one coordinated product.

The systems deliver all the benefits of a fully customized system, including a thermostat, head shower and hand shower. The head shower has a diameter of up to 190 mm, can be swivelled to the optimum position and is supplemented by award-winning hand showers. Euphoria head and hand showers feature our luxurious Rain Spray, identified by extensive consumer research as the most used and appreciated of all available spray patterns. Euphoria Power&Soul® systems are equipped with the innovative Power&Soul® 190 showers which give you the choice between four single and seven additional unique mix sprays.

**Go for the Good** – high quality and comfort assured, including GROHE's renowned technologies for maximum enjoyment. Guaranteed.

For product information and technical details please see page 271 and following.

# GROHE NEW TEMPESTA SYSTEM

**The perfect choice for modern, architectural bathrooms.** With its crisp, cylindrical profile and distinctive bevelled detailing, the New Tempesta System is the perfect choice for modern, architectural bathrooms. Like all GROHE shower systems, it is easy to install and packed with great technology. The 160 mm head shower and 390 mm shower arm can be swivelled to create the perfect angle while the hand shower features two spray patterns – a rich Rain Spray and a vigorous Jet Spray.

The shower rail features an inner water guide, and the thermostat's GROHE TurboStat® technology means you can take a luxurious shower secure in the knowledge the water will stay at the preselected temperature even if the water pressure changes.

**Go for the Good** – high quality and comfort assured, including GROHE's renowned technologies for maximum enjoyment. Guaranteed.

For product information and technical details please see page 273.

# GROHE RETRO-FIT SHOWER SYSTEM

**From head shower to luxurious shower system.** Ideal for retrofit or renovation, the GROHE Retro-Fit Shower System transforms an existing head shower installation into a luxurious shower system with a head shower plus the added convenience of a hand shower – both featuring GROHE DreamSpray® technology, which guarantees perfect water distribution to every nozzle.

Mounted on a long horizontal 450 mm swivel shower arm and connected via a ball joint, the Euphoria 180 head shower can easily be positioned at the optimum angle. The Euphoria 110 hand shower can be adjusted in height via the gliding element and features three spray patterns.

The upgrade is quick and easy to install. Simply replace an existing shower arm – no need to change the tiles or alter any in-wall plumbing.

Once installed, the GROHE Retro-Fit Shower System is also easy to use: six possible positions on the diverter allow you to choose your perfect setting for hand or head shower, mixed or Eco sprays.

A renovation upgrade without the renovation price tag.

# GROHE FREEHANDER

**360 degree shower enjoyment.** Relaxation is easily customised with the GROHE Freehander shower system, which incorporates two shower heads into one height-adjustable unit. Not only are the shower heads each equipped with multiple spray patterns, but the arm that supports them also pivots through 180 degrees, providing users with a variety of luxurious overhead shower and body spray possibilities. The outer shower heads rejuvenates with a choice of three spray patterns—Normal, Massage and water-saving Eco—while the inner shower heads is equipped with Normal and Massage Sprays and a Stop function. Both rotate 360 degrees and come with SpeedClean, as well as GROHE DreamSpray® technology.

Freehander offers a total of 18 spray combinations: nine with the arm in an elevated position and nine with it lowered. Once a position is selected, self-locking joints keep the arm in place. The arm mounts to the wall via concealed fittings, creating a clean look.

**Thanks to its ingenious design, our GROHE Freehander can simply be turned from an overhead shower to a side shower.**

# GROHE SENSIA®
# SHOWER TOILETS

**Ultimate hygiene and freshness at the touch of a button**. You can confidently describe GROHE Sensia® shower toilets with a string of superlatives, because they're simply ground-breaking. On each of our four models we've employed the most sophisticated technologies available. As the leader in our field we wanted to create shower toilets that are not just good but outstanding.

**Look forward to ease of use.** The power is in your hands. Using the remote control, you can access all functions and adjust them to your needs. And to make it especially easy for you, we've developed our cleverly structured remote control around clear symbols that are intuitive and straightforward.

**Enjoy cleansing comfort.** What type of shower spray would you prefer? Gentle, pulsating, warming, powerful, oscillating or $O_2$-enriched? Relaxing or invigorating? GROHE Sensia® shower toilets are sensitive to your moods with their variety of spray patterns. Everyone has different needs or perfect personal hygiene which even might change depending on the daytime and situation, and GROHE Sensia® adapts to meet them all.

**Rely on the highest standards of hygiene.** A toilet must be clean. End of story! Our shower toilets have numerous practical hygienic functions for your convenience. They clean themselves automatically as if by magic. Spray arms are rinsed with water before and after each use, and the GROHE Sensia® IGS thermally cleans its whole shower system regularly with water heated to 70°C.

Get to know our four advanced and elegant GROHE Sensia® shower toilets – they're the new generation in high-end personal hygiene.

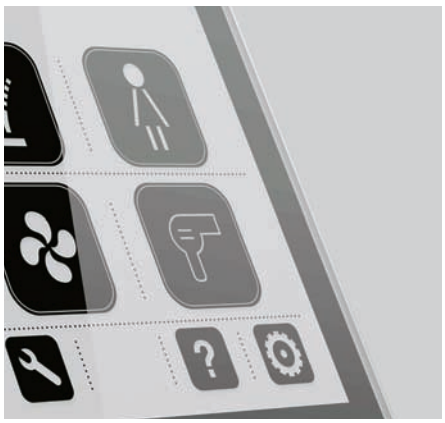

# GROHE
# SENSIA® IGS

**Ultimate freshness – completely intuitive.** GROHE Sensia® IGS makes a trip to the toilet a pleasant experience. This shower toilet will routinely impress with its elegant design and many high-tech details every day. These include an innovative controller that works by rotation and pressure, as well as the intuitive remote control with touchscreen. Define your individual feelgood programme – say, water temperature and type of spray – and save it. You can reset the functions to suit you at any time. GROHE Sensia® IGS also means a shiny clean toilet, thanks to its numerous innovative hygiene functions. For example, the spray arm head is automatically cleaned before and after each use. The spray arm and the warm-air dryer are perfectly positioned for the user, being integrated directly into the ceramic. For total peace of mind, the complete shower system carries out thermal cleansing at regular intervals using water at a temperature of 70˚C. An automatic descaling programme is also available. You can't get more thorough than that. Let GROHE Sensia® IGS give you a complete feeling of perfect hygiene.

# GROHE
# SENSIA® ARENA

**Intelligent technology meets innovative design.** GROHE design – clear and distinct. The breathtakingly beautiful GROHE Sensia® Arena shower toilet integrates GROHE's lozenge design element and combines it with the very best current technical features. This smart, functional toilet in the unmistakable GROHE style was created under the aegis of GROHE Senior Vice President of Design, Paul Flowers. The floor-standing and the wall-mounted toilets are both visually stunning and their perfect ergonomics have been tailored exactly to the needs and requirements of our sophisticated customers. This includes the unique GROHE DreamSpray® technology, which allows you to experience an especially gentle cleansing by employing a shower stream enriched with air. This elegant shower toilet introduces a whole arena of technical and visual innovations: the rimless design of the toilet ceramic; integrated odour extraction; the warm-air dryer, the automatic open and close function lid and the automatic flush (exclusive to the floor-standing toilet). Just a few of the many new features.

Look forward to a sensational shower toilet with the look of an elegant traditional toilet but brimming with the latest Japanese technology. Clear the stage for a magnificent entrance!

# GROHE
# SENSIA® PREMO

**Inspiration for modern bathroom culture.** If you enjoy a modern lifestyle, then you set the highest standards for your personal hygiene. Body-conscious women in particular are preoccupied by this sensitive subject. Sensia Premo far exceeds your previous notions of gentle, thorough cleansing. This elegant, digitally controlled shower toilet leaves you with a never-before-experienced feeling of pure freshness. The many shower functions, including the Lady Shower, can be individually adjusted to suit your needs. You can even have a little soft background music if you like. GROHE Sensia® Premo offers style with subtlety: the water flush is so much quieter than a traditional toilet – like a mountain stream.

GROHE Sensia® Premo is currently only available in Japan.

# GROHE
# SENSIA® CBS

**Leading technology for highest standards.** Trendsetting Technology Stylishly Presented. Those who take pleasure in ground-breaking innovations will be absolutely thrilled with GROHE Sensia® CBS. This highly innovative shower toilet has been equipped with the latest Japanese technology, making personal hygiene a sensual experience. Settings for spray type, spray strength, and spray temperature can be varied individually and intuitively. Push only a few buttons to get your very own pampering programme.

You will also get top-class hygiene thanks to the powerful flush. For that, GROHE Sensia® CBS relies on the revolutionary GROHE PowerFlush technology. This employs a water-swirling action for a thorough cleansing in a matter of seconds. GROHE Sensia® CBS is a floor-standing toilet with integrated flushing technology and automatic flush. The automated lid and heated seat add a touch of luxury. GROHE Sensia® CBS not only sets new technological standards, it has an aesthetically pleasing slimline design.

GROHE Sensia® CBS is currently available only in Asia.

# GROHE SENSIA® – OUR FOUR GROHE SENSIA® LINES OFFER YOU AN ARRAY OF TECHNICAL HIGHLIGHTS

## 1. Perfect personal hygiene

**GROHE DreamSpray®.** GROHE DreamSpray® technology is at the heart of Sensia shower toilets. It represents GROHE's rigorous quality and numerous innovations. With GROHE DreamSpray® you can choose spray type, jet strength and shower position individually. Enjoy gentle cleansing and incomparable freshness.

**Lady Shower.** GROHE continues to innovate with this generation of lady showers powered by leading technology that works. GROHE Sensia® Premo, GROHE Sensia® CBS and GROHE Sensia® Arena offer a clear hygiene advantage with two hygienically separated spray arms for a clear hygiene advantage.

**Oscillating Spray.** The soft rocking motion provides gentle cleansing.

**Massage Spray.** Allows you to alternate between soft and vigorous jet strength – for a soothing pulsating massage effect.

**Power Spray.** Press a button and increase the water pressure for a more intensive cleaning.

**Adjustable spray pressure.** Adjust the jet strength to suit your needs.

**Adjustable shower arm.** Reposition the spray arms as required.

**Adjustable water temperature.** Set the water temperature to your personal preference.

## Highest operating convience

**GROHE Digital®** Intuitive digital technology at your fingertips.

**Seat Control.** Basic functions can also be controlled directly on the seat at your convenience.

**Remote Control.** Acess all functions by remote control, comfortably and intuitively.

**Automatic seat.** When approaching the WC, a sensor recognises your presence and the lid and seat open and close automatically.

**Touchscreen Remote Control.** The shower WC is easily and intuitive to operate by simply touching clear symbols on the remote control.

**Automatic flush.** The moment you move away from the toilet, a sensor-controlled flush is actuated.

**Central Controller.** Easily accessible multi-function metal turn and push control allows the desired function to be accessed easily.

**Low energy stand-by.** When the toilet is not being used, standby mode is automatically activated to lower energy consumption.

## 3. Best comfort

**Air dryer.** After a warm-water shower, the warm-air dryer provides fast and gentle drying.

**Soft-close seat.** Both seat and lid have a gentle and quiet soft-closing mechanism.

**Odour absorption.** As soon as you sit down on the seat, odour extraction is activated automatically. The extracted air is cleaned in an active charbon filter, before being returned to the environment.

**Sound module.** Opening the lid activates ambient music. This function is optional and can also be activated by remote control.

**Heated seat.** The heated seat can be set to your desired temperature. It offers low power consumption and the highest safety standards.

**Night lighting.** The shower toilet is lit by a soft light in the dark to help you find your way.

**User profile memory.** You can define different user profiles and save them.

## 4. Easy WC cleaning and hygiene

**GROHE PowerFlush.** Strong vortex action with high suction force results in an especially thorough cleansing during the flushing process. All corners of the toilet bowl are covered.

**Thermal cleaning.** In addition, the whole system is cleaned at regular intervals using water at a temperature of 70°C.

**GROHE Hygiene.** Outstanding hygiene features provide ultimate cleanliness. The permanent HyperClean glazing reduces more than 99% of all germs, while ProGuard ensures that no residues are left behind in the WC bowl.

**Automatic cleaning.** Spray arm heads are cleaned before and after each use.

**Rimless WC design.** The new GROHE rimless toilet design allows easier cleaning. No dirt collects on the rim, and the interior of the bowl is clean and bright – without splashing.

**Exchangable spray head.** The spray arm can be easily replaced.

**Descaling programme.** The shower toilet automatically detects and reports the need for a descaling programme to run, implemented by the touch of a button. Regular descaling ensures reliable cleanliness and helps to extend the lifetime of the shower toilet.

**Easy Clean Seat.** A special hinge allows easy removal of the toilet seat for cleaning.

# GROHE HYGIENE AND GROHE POWERFLUSH

**The perfect combination for ultimate cleanliness.**
Whether you choose GROHE Sensia® Premo, GROHE Sensia® CBS, GROHE Sensia® Arena or a traditional toilet from our GROHE Complete Bathroom Solutions, you will still reap the benefits of GROHE Hygiene and GROHE PowerFlush.

**GROHE Hygiene – most innovative ceramic quality**
The toilet ceramic of selected GROHE shower toilets, as well as toilets in our stylish bathroom lines, is special because of its innovative glazings. The special ceramic surface and the rimless design together set a new standard for toilet bowl hygiene and cleanliness.

SIAA ISO 22196 for KOHKIN

Ceramic materials proudly feature the SIAA (Society of Industrial-technology for Antimicrobial Articles) brand mark based on ISO for KOHKIN – stringent criteria for the antibacterial effect and the safety of the agent.

**GROHE Hygiene premium coating excels because of two technologies:**

**ProGuard** – the non-stick glazing ensures a completely clean toilet.

**HyperClean** – this permanent special glazing reduces more than 99% of all germs.

**GROHE PowerFlush – the new generation of flushing technology.** The unique combination of the GROHE rimless toilet bowl design and our latest flush technology bears the powerful name GROHE PowerFlush. In this unique system, water is introduced into the bowl at ‚full power' from two nozzles located on the rim (there's the option of a third nozzle in the toilet interior). Activating the sophisticated water injection system results in a swirling action with strong suction, amplified by the shape of the toilet bowl. The result is that the toilet bowl is completely emptied and thoroughly cleaned in a very short time. Bacteria, dirt and germs are transported safely to waste – leaving no residues. How much do you value hygiene? PowerFlush gives you a choice between a double system (Double Vortex Flush) or a triple system (Triple Vortex Flush).

**PowerFlush technology works in a strikingly simple manner:**

**1.** The water flows from two (optionally three) holes.

**2.** The power of the inflow is concentrated and increased as a result of the unique shape of the GROHE toilet bowl.

**3.** The swirling action causes the whole inside of the bowl to be perfectly cleaned.

The new GROHE Sensia® shower toilets and ceramic toilets, part of our new GROHE Complete Bathroom Solutions, let you enjoy complete peace of mind with unmatched hygiene and cleanliness.

# GROHE TOILET FORM & FUNCTION

**Tailored to suit our taste.** A multitude of forms and functions. As if that weren't enough, GROHE not only offers you the latest-generation high-tech shower toilets, but also a wide assortment of traditional toilet solutions. Whether floor-standing or wall-mounted, each model combines optimum functionality with perfect aesthetics and high-quality materials. Each of our toilets is perfectly suited to one of our six different complete bathroom solutions – designed for you with close attention to the smallest detail. A co-ordinated bathroom look, reflected down to the details of the toilet design, communicates style and confidence. GROHE has many solutions to help you make it happen.

**GROHE BestMatch.** GROHE now makes it easier than ever for you to find the perfect combination of washbasin and faucet – with the GROHE BestMatch website and app for iOS & Android. Regardless of whether you are looking for a washbasin to fit your desired GROHE faucet, or an exclusive GROHE faucet for your washbasin, with GROHE BestMatch you're guaranteed to find just the right combination.

# MADE IN GERMANY

**A passion for quality. Precision crafted to the highest standards.** Precision is synonymous with the GROHE brand. Our "Made in Germany" seal of exceptional quality has always characterised our work. We believe that this is in large part because our award-winning designer and development teams are all based in Germany, home to the highest quality products in the world. We are proud of upholding this German tradition and we guarantee our customers consistently superior manufacturing – down to the smallest detail. GROHE also delivers top quality product development. At our facility in Hemer, in the Sauerland region, our engineers and designers work hand in hand to refine our innovative ideas. We hold all our facilities in Germany, Portugal and Thailand to the same GROHE quality promise and high manufacturing standards. We live by our global standard of perfection.

**GEORGIOS VLACHODIMOS**

Master of Technology, takes a sample of GROHE's handmade very own brass.

# SUSTAINABILITY

**Sustainability starts with quality.** If you decide on GROHE, you choose safe products which were created to be long-lasting and resource-friendly. We impose the most stringent durability tests with 15-year service life conditions. We want you to enjoy your GROHE products for many years to come. Sustainability is a pervasive and essential part of our corporate culture. You can enjoy your GROHE bathroom solutions with a clear conscience for many reasons:

**Innovative energy conservation.** We have developed countless innovative technologies which will help you to conserve energy without having to sacrifice comfort and pleasure in the bath. For example, the thermostats with GROHE TurboStat® technology reach the desired shower temperature within seconds. And fittings using GROHE SilkMove® ES combine ultimate ease of use with energy-saving innovations. This modern technology prevents the unnecessary heating of water when you use the moderate setting.

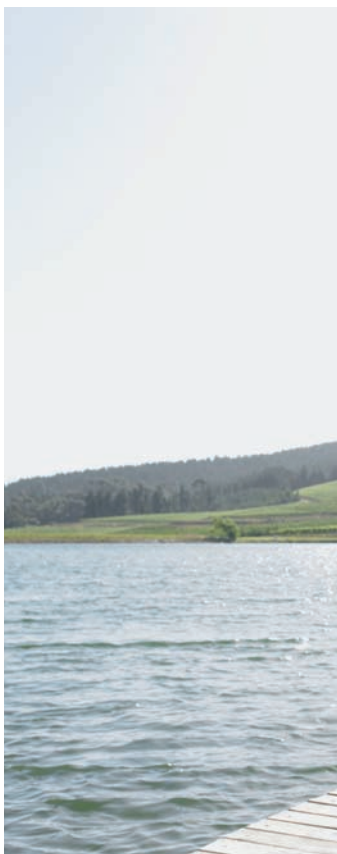

**Smart water conservation.** Respectful water resource management is another topic close to our hearts. Many of our fittings and shower systems are equipped with the revolutionary GROHE EcoJoy water conservation technology, reducing water use by up to 50%.

**Social responsibility.** As an international company, we are aware of our responsibilities to the environment. We maintain an open and objective dialogue with the general public. At our facilities we promote environmental awareness to improve the health and safety standards of our employees.

**Surveillance by independent certification partners.** Each of our facilities is regularly inspected by independent, external certification authorities in health, safety and environmental protection to ensure compliance with ISO standards. We follow the International Standards ISO 14001:2009 and OHSAS: 2007.

# MOMENTS OF TRUTH

GROHE's Masters of Technology announce the innovative quality of their work in so-called "Moments of Truth". These are the moments when the end-user becomes aware of the tangible benefits that the product offers, as well as the achievement that it represents, for the very first time. At these times, all the efforts that have gone into research, development, production and refinement result in genuine delight and authentic satisfaction for the customer.

**GROHE SilkMove®**
Smoothest handling for effortless precision and ultimate comfort for a lifetime.

**GROHE StarLight®**
Made-to-last surfaces ranging from precious matt to shiny like a diamond.

**GROHE CoolTouch®**
No scalding on hot surfaces thanks to 100% GROHE CoolTouch®.

**GROHE TurboStat®**
Always the right temperature, for utmost convenience and safety.

**GROHE EcoJoy**
Save precious resources and enjoy 100% water comfort.

**GROHE DreamSpray®**
Innovative quality showers for luxurious revitalisation and wellbeing.

**GROHE QuickFix®**
Faster, easier and hassle-free, GROHE QuickFix® cuts installation time by up to 40%.
