ALL OF THE SENSES IN PERFECT HARMONY

Immerse yourself in a world of relaxation and well-being. A world in which your entire body is surrounded by water heated to the perfect temperature, in which light and music can be adapted to suit your mood, and soothing steam relaxes every muscle. A world of well-being in which design and comfort combine to form one harmonious unit, where a single hand movement transforms your shower into your own personal spa. Welcome to the world of GROHE F-digital Deluxe, the unique shower experience for all of the senses.

GROHE F-digital Deluxe is a completely new shower concept, which goes beyond the normal functions of bodycare and cleansing to deliver a unique sensory experience. Atmospheric lighting, gentle steam and relaxing music have a positive effect on your physical, spiritual and emotional well-being and become part of your daily shower experience thanks to the GROHE F-digital Deluxe light, steam and sound modules. All of the functions can be controlled simply and intuitively using an Apple iPod touch 4G.

A UNIQUE EXPERIENCE FOR ALL THE SENSES

TOUCH

With just one touch you can transform your shower into your own personal spa. Soft lighting, relaxing steam and your favourite music – with the Apple iPod touch 4G you can stimulate all of your senses with just a single movement of the hand.

LIGHT

Colour has a positive effect on our sense of well-being. But we all perceive colours differently. With the GROHE light modules, you can change the colours to suit your mood and enjoy a personalised chromotherapy experience while showering.

SOUND

There's nothing on this earth that moves us more than music. The perfect song or sound can fill us with joy, make us feel relaxed, recharge our batteries or help us forget our troubles. With the GROHE sound modules, you can now enjoy your favourite music while showering.

STEAM

Experience regeneration in its purest form with the GROHE steam modules. Gentle steam not only enhances our sense of emotional well-being, but also has a positive effect on the entire body. It opens the pores, detoxifies the body, hydrates the skin and helps the muscles to relax.

MIND AND BODY IN PERFECT HARMONY

Music and sound have a positive effect on our mind and body. The perfect song during your morning shower helps you to kick-start your day and in the evening it helps you to unwind after a hard day's work. Thanks to the sound modules and Apple iPod touch 4G, GROHE F-digital Deluxe delivers a unique experience that allows you to listen to your own personal playlist while enjoying an audiototherapy experience in your shower.

COLOUR TO MATCH YOUR MOOD

Every colour has a different wavelength and therefore its own energy, which has a varying effect on the mind and body. Red represents vitality and activity, while blue is considered to be a calming colour. One of our primary objectives when developing GROHE F-digital Deluxe was to give you the opportunity to change the lighting to suit your mood, and allow you to enjoy your own personal chromotherapy experience while in the shower. Using an Apple iPod touch 4G, you simply select the colour that you wish to have during your shower from a specially designed

colour wheel. For example, you might wish to start your day with stimulating yellow, enjoy soft purple after a steam bath or get an exciting evening off to a great start with optimistic orange. With GROHE F-digital Deluxe you can integrate up to four high-quality LED light modules into your shower, all of which are dimmable. You can therefore choose a light intensity that reflects your mood. And, of course, you can save all of your settings so that the perfect colour for tomorrow morning's shower is just a movement of the hand away.

RELAXATION IN ITS PUREST FORM

A steam bath is the ultimate in relaxation. Hot steam has been valued for its positive, regenerative effect on the mind and body for thousands of years. At 100% humidity, your muscles relax, your skin is cleansed and you feel calm and collected. With GROHE F-digital Deluxe you can enjoy this luxurious experience at home and transform your shower into your own private steam bath. The steam modules are conveniently controlled with just a single movement of the hand using an Apple iPod touch 4G positioned outside of the steam cubicle.

WELL-BEING TAILOR-MADE FOR YOU

Make your dream of the perfect shower experience a reality with GROHE F-digital Deluxe. Create your own personalised combination of features from our product range, including light modules, shower heads and steam nozzles, to build a shower is perfectly matched to your own needs and preferences.

GROHE PRE-TAILORED SHOWERS S – M – L

Inspirational showers often don't come that easily. With GROHE's broad range of Tailor-Made showers, you have endless possibilities to achieve the shower you want to own, the way it should look and the way you want to shower, whatever your mood.

Based on your planned shower size GROHE has created three inspirational luxury showers with Rainshower® F-Series and F-digital Deluxe. Choose between bespoke solutions for a small individual shower cabin, up to a wellness zone for you and your partner.

F-DIGITAL DELUXE SMALL

Even in a smaller shower cabin of 100 x 100 cm, you can install a luxurious shower, with GROHE SPA® showers. With two light modules and two sound modules installed in the ceiling, you can enjoy chromotherapy and sound therapy. These modules are complemented by a GROHE Rainshower® F20" XL ceiling head shower and three side showers for full-body coverage. Control water flow and temperature with Grohtherm F-Mechanical controls. You will reach the desired temperature in a fraction of a second and maintain it for the duration of the shower.

The F-digital Deluxe docking station, the base unit box and the Apple iPod touch 4G are required for operation of light, sound and steam – and individual modules. Apple iPod touch 4G and the GROHE SPA® F-digital Deluxe app cannot be purchased from GROHE and must be purchased separately from an authorised Apple retailer/iTunes.

F-DIGITAL DELUXE MEDIUM

In a bigger room of 150 cm, you have enough room to install a small bench and the chance to enjoy luxurious steam therapy, with the GROHE F-digital Deluxe steam generator. Install the eye-catching Rainshower® F20" with four high-end LED lights to have more intensive light in the shower. The six Rainshower® F5" side showers on the left and the right side are complemented by the F5" sound modules for a real stereo aqua and sound effect. Combine the showers with the powerful and flexible Grohtherm F mechanical water controls – always the right temperature – and a Sena hand shower.

3 bar minimum pressure needed on hot and cold water

F-DIGITAL DELUXE

LARGE

If you have the space, why not build a 250 cm-wide XL shower? Use the extra space for a full-width bench on which to enjoy the water, light, sound and steam from F-digital Deluxe together. With two speakers in the shower room and two outside, you can also listen to your music outside the shower. Experience true 3D showering with the luxurious Rainshower® F-Series Multi Spray 15" head shower and six side showers. The head shower has four moving Bokoma Sprays™, two XL Waterfall cascade sprays and a luxurious 310 Rain spray. The reliable and accurate Grohtherm F thermostatic controls steer all the different sprays as well as the Sena hand shower.

3 bar minimum pressure needed on hot and cold water

The F-digital Deluxe docking station, the base unit box and the Apple iPod touch 4G are required for operation of light, sound and steam – and individual modules. Apple iPod touch 4G and the GROHE SPA® F-digital Deluxe app cannot be purchased from GROHE and must be purchased separately from an authorised Apple retailer/iTunes.
